**Universidad** Zaragoza

# 2024

## FIGURES AT A GLANCE

# 2024 FIGURES

THE CORE OF OUR WORK IS RESEARCH, TECHNOLOGY TRANSFER  
AND EDUCATION IN A UNIVERSITY ENVIRONMENT

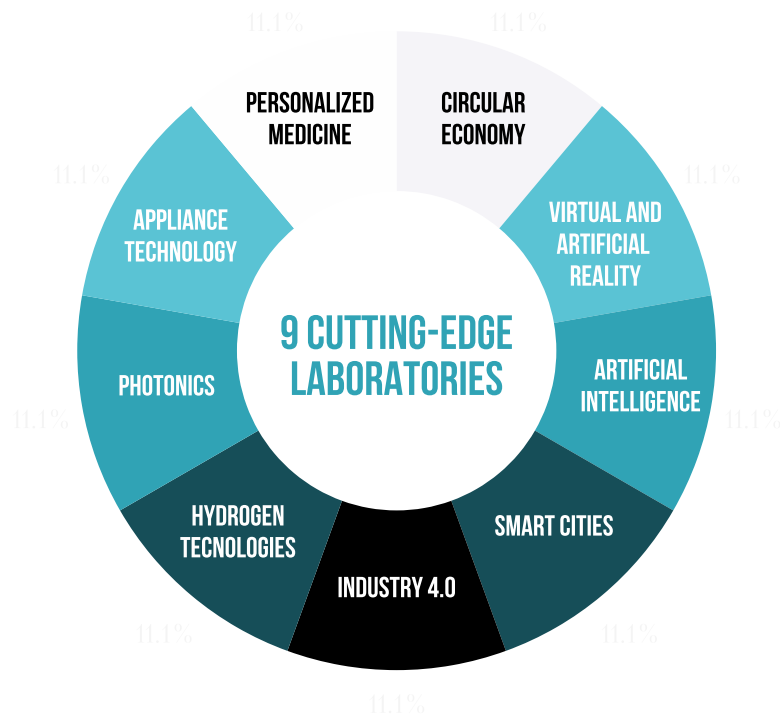

## 4 STRATEGIC DIVISIONS

- ✓ Biomedical Engineering
- ✓ Industrial Technologies
- ✓ Processes & Recycling
- ✓ Information and Communication Technologies

>600  
PEOPLE

35  
RESEARCH GROUPS

Out of more than 600 employees of the I3A, 324 are senior researchers, 293 postdoctoral and predoctoral researchers, 23 group technicians, 7 administrative and service staff and 3 Institute technicians.

## 7 NEW EUROPEAN PROJECTS

From 49 proposals submitted, 7 projects are granted in 2024.

## 24 CHAIRS UNIZAR-I3A

Chairs are an instrument to seed the collaboration between University and industry or institutions. Zaragoza University has 24 chairs leaded by I3A researchers.

## 10 PATENTS

10 patents and utility models have been registered in this year, derived from our research and from the projects associated with the development of many of these.

## BUDGET

**22,3** total turnover 2024

**10,4 M€**  
with industry

**6,9 M€**  
national projects

**2,6 M€**  
european projects

**2,4 M€**  
others

The I3A is a University Research Institute established by the University of Zaragoza more than 22 years ago. Its strengths include its capacity to bring together research from different engineering related areas and its highly qualified researcher staff able to interleave high standards in knowledge generation with transfer to the industry and society.

Since it was first established, the I3A has grown both nationally and internationally, consolidated a shared vision among scientists and technical experts, and gained recognition as reference in a larger variety fields of engineering research.

Its four strategic divisions, Biomedical Engineering, Information and Communication Technologies, Processes and Recycling, and Industrial Technologies, work for a common objective which is to generate and transfer knowledge to the social and business environment.
