2025

FIGURES AT A GLANCE

2025 FIGURES

THE CORE OF OUR WORK IS RESEARCH, TECHNOLOGY TRANSFER AND EDUCATION IN A UNIVERSITY ENVIRONMENT

4 STRATEGIC DIVISIONS

- ✓ Biomedical Engineering
- ✓ Industrial Technologies
- ✓ Processes & Recycling
- ✓ Information and Communication Technologies

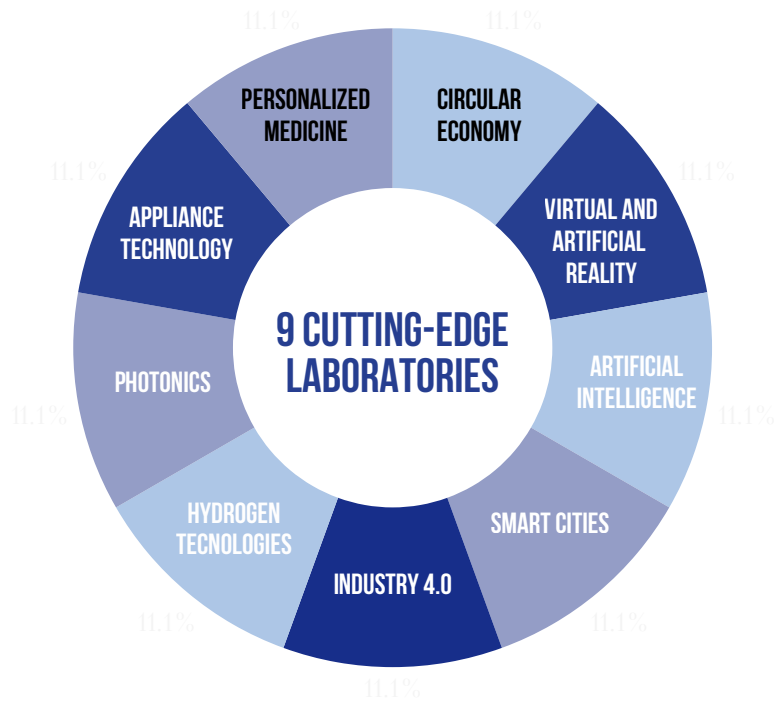

>600

PEOPLE

35

RESEARCH GROUPS

Out of more than 600 employees of the I3A, 337 are senior researchers, 304 postdoctoral and predoctoral researchers, 23 group technicians, 8 administrative and service staff and 3 Institute technicians.

339
NEW PROJECTS

365
JCR PAPERS

THESIS
DEFENDED

12 NEW EUROPEAN PROJECTS

From 81 proposals submitted,
12 projects are granted in 2025.

32 CHAIRS UNIZAR-I3A

Chairs are an instrument to seed the
collaboration between University and
industry or institutions.
Zaragoza University has 32 chairs led by I3A researchers.

5 PATENTS

5 patents and utility models have
been registered in this year, derived
from our research and
from the projects associated with the
development of many
of these.

BUDGET

17,1 total turnover 2025

6,3 M€
with industry

4,2 M€
national projects

5,1 M€
european projects

1,5 M€

The I3A is a University Research Institute established by the University of Zaragoza more than 23 years ago. Its strengths include its capacity to bring together research from different engineering related areas and its highly qualified researcher staff able to interleave high standards in knowledge generation with transfer to the industry and society.

Since it was first established, the I3A has grown both nationally and internationally, consolidated a shared vision among scientists and technical experts, and gained recognition as reference in a larger variety fields of engineering research.

Its four strategic divisions, Biomedical Engineering, Information and Communication Technologies, Processes and Recycling, and Industrial Technologies, work for a common objective which is to generate and transfer knowledge to the social and business environment.
